

Your chance to have your say On the re-restoration of Stone Pits 9 and 9a

Stone Pits 9 and 9a was recently acquired by Quarry and Landfill Restoration LLP with the primary aim of contributing to the regeneration and enhancement of Stone. In discussion with you, the community and residents of Stone, they wish to re-restore the site to address current environmental issues that have arisen as a result of historic minerals excavation and landfill and create an area of accessible, useable, and valued informal open space for all to use.

- Protect existing landscape where feasible
- Place material over cap to create useable landscape
- Create landscape finishes, community activities & habitats
- Install boreholes for monitoring
- Install balancing pond areas for water storage

We value your comments and urge you to take the time to complete this feedback form and let us know your thoughts on the proposals. Please respond by Wednesday 11th November 2009, to ensure that your comments can be considered and reported in the planning application documentation.

There are a number of ways to send your comments to us:

1. **By hand at:**
The Stone Parish Council Meeting
2. **By post to:** Lucy Pawson
